

Dani Magistro, MSN, RN

Senior Associate

Ms. Dani Magistro has 36 years of experience in the healthcare industry. The past twenty-four years have been focused in the clinical information systems environment working first in a hospital setting, then with a vendor and the past 17 years as an independent consultant. She has strong project management skills, a wealth of clinical systems expertise, a results-oriented attitude and the ability to effectively communicate across all levels of stakeholders.

Representative Client Experience

- Ms. Magistro has most recently led the selection and implementation of a long-term care clinical system and the implementation of a rehabilitation system for Masonic Villages
- Led the Meaningful Use Attestation project for Danbury Hospital
- Assisted TriRivers Surgical Associates with EMR procurement
- Developed the web content for the Missouri/HIDI EHR Compass™ toolkit
- Performed Social Network Analysis for AMIA's Global Partnership Program
- Assisted The Children's Hospital of Philadelphia with the implementation of the EPIC inpatient system and prior with core vendor system selection, contract negotiations and strategic and tactical pre-implementation activities
- Assisted Lancaster General Hospital as quality assurance for their EHR system selection project
- Analyzed data assets for Solucient
- Assisted St. Mary's Hospital with clinical system selection
- Assisted NCHRI to investigate integration between research and clinical organizations

Subject Matter Expertise

- Clinical System evaluation, selection and implementation
- Meaningful Use Attestation

Prior Experience

Prior to moving into consulting, Ms. Magistro was a Clinical Information Systems Specialist for SpaceLabs Medical, Inc. and JRS Clinical Technologies, Inc. She managed the system selection and implementation for the former Mercer Medical Center in Trenton, NJ. Before specializing in Clinical Informatics she was a clinical nurse educator and medical/surgical; critical care staff nurse.

Education/Affiliations

Ms. Magistro received her BS in Nursing from the University of Pittsburgh in 1978 and Master of Science in Nursing also from the University of Pittsburgh in 1982. She holds Certificates in Six Sigma Green Belt Healthcare and Lean Six Sigma through Villanova University. In 1996, she became one of the first nurses certified as an Informatics Nurse by the American Nurses Credentialing Center. Ms. Magistro has attended and presented informatics-related programs nationally and internationally. She has been a board member and Program Chair of the Delaware Valley HIMSS chapter, and a member of the Capital Area Roundtable on Informatics in Nursing, the Healthcare Information and Management Systems Society (HIMSS), and Sigma Theta Tau, Eta Chapter (the International Honor Society of Nursing). She was the 1992-3 President and a founding member of Healthcare Informatics of New Jersey and a member of the Planning Committee for the NJ State Nurses' Association Computers in Nursing Forum.

Associated with HCIC since 1997
